ABNB EXPANDS TO HARBOUR VIEW

SUFFOLK, Virginia (October 25, 2018) – ABNB Federal Credit Union has recently expanded their Suffolk footprint by opening a new location at 5901 Harbour View Boulevard. To celebrate, they are hosting a Grand Opening – Ribbon Cutting ceremony on October 26th at noon. Suffolk Mayor Linda T. Johnson will be on hand for the event, which is open to the public.

ABNB Federal Credit Union has been operating since 1960 with locations all over Hampton Roads. Their growth now includes serving over 56,000 members. They provide personal checking accounts, personal and business loans, business

services, insurance and financial and investment planning to their clients. Membership is open to anyone who lives, works, or worships in Hampton Roads or Currituck County and there is no requirement to be a part of any special organization.

“ABNB’s purpose is to deliver financial services in a manner which improves our members’ lives as well as benefits our community; to fulfill this purpose, we

expanded our field of membership to offer our services to additional surrounding areas and potential members,” said Mickey Garland, ABNB Vice President of Service and Solutions. “We are excited to open our second full-service Suffolk branch in order to best serve our growing membership base.”

“The expansion by ABNB is another sign that doing business in Suffolk is a wise investment,” said Suffolk Mayor Linda T. Johnson. “The new branch gives more area residents and business owners the opportunity to meet their financial goals.”

This will be ABNB FCU’s second Suffolk branch location; the other is the “Lakeside Branch”, located at 907 West Washington Street. The new branch has a variety of week-long festivities leading up to the event.
