Highlands Residential Mortgage Opens Downtown

SUFFOLK, Virginia (March 17, 2015) – Highlands Residential Mortgage LLC, a national mortgage lender and servicer, is pleased to announce the opening of a new office in Suffolk. The office is located at 112 W. Washington Street, Suite 101, in Downtown's historic Tower 112. To celebrate, a Grand Opening – Ribbon Cutting ceremony will be held on March 18th at 3 p.m. Mayor Linda Johnson will be on hand for the event.

Highlands Residential Mortgage focuses on mortgage products with competitive rates. They work with FHA, VA and Conventional, USDA, Lock and Shop Programs, condos, direct sellers and renovations, among other types of home buying loans. Long-time mortgage veteran Amy Tucker will manage the Suffolk office. Tucker opted to open the newest location in Suffolk due to the city's stability and record of growth. "Personally, as a loan officer, I would like to grow with Highlands Residential Mortgage," she remarked. "The company is big enough to offer the choices and prices our customers want, but also small enough to have a local feel, so I see real market potential here."

"Having Highlands Residential Mortgage as one of our newest tenants in our City shows that Amy Tucker and her team have confidence in the Suffolk market and recognize our growth potential," said Suffolk Mayor Linda T. Johnson. "We wish them much success as they grow their presence in our community."

Highlands Residential Mortgage has a location in Fairfax as well as offices in eight other states in addition to Virginia. They are an Affiliate Member of the Hampton Roads REALTORS® Association. You can find out more at www.highlandsmortgage.com or call 757.793.5694.
