### **Acesur to Host Grand Opening Celebration**

SUFFOLK, Virginia (May 23, 2022) – Acesur, a global leader in the olive oil industry with roots in Spain and a production facility in Suffolk Industrial Park, is celebrating their grand opening with a ribbon cutting ceremony. Although the facility has been operational since 2019, due to the pandemic, they were not able to officially celebrate. The grand opening ribbon cutting ceremony will be on Wednesday, May 25, 2022, at 11:30 a.m., at 1010 Obici Industrial Boulevard. Suffolk Mayor Michael Duman will be on hand for the event.

The Suffolk facility handles the company’s bulk oil imports from Spain, Portugal, Tunisia, and Greece. Since 1840, Acesur has been producing, packaging, and marketing olive oil, exporting to more than 100 countries worldwide. Acesur controls the olive oil process from ground to bottle.

According to Gonzalo Guillén, Acesur Chief Executive Officer, “We are very excited to be part of the economic engine of Suffolk, Virginia and look forward to growing the business and growing the local economy.” Acesur International and Corporate Development Director Sergio Antón states, “This is an excellent location for a business like ours. There are 3 ports in Virginia and this site affords us easy access to both the Northeast and Southeast corridors.”

Suffolk Mayor Michael Duman stated, “It is a privilege to have Acesur in Suffolk as a contributor to our city’s thriving food and beverage industry. On behalf of the City of Suffolk, I congratulate the work put in to make this facility operational and appreciate the continued investment and jobs created by Acesur.”
