## **The Digital Realty Team Opens Office in Suffolk**

**SUFFOLK, Virginia** (October 13, 2022) – The Digital Realty Team, located at 5911 Harbour View Blvd, Suite 101, is having a grand opening ribbon cutting ceremony on Friday, October 14 at 4:00 pm. Suffolk Mayor Michael Duman will be present at the event.

The home-selling business was started by Tein Hlwa in an effort to bridge the relationship between home buyers and their real estate agents. Hlwa chose to open the business in Suffolk due to feeling welcomed by the community. He really liked being so close to nature but also within close proximity to shopping, dining, and entertainment. Hlwa has a background in technology and digital marketing, thus The Digital Realty Team offers modern marketing and tech savvy solutions to home buying and selling.

Mayor Mike Duman said, “On behalf of Suffolk, I would like to thank The Digital Realty Team for choosing to open your business in our city. Suffolk’s continuously growing population is evident of the work that is done to promote Suffolk for residents and businesses alike, and we recognize the work you’re doing to be a part of that.”

Hlwa stated, “The Digital Realty Team is excited to open our doors to the Suffolk community! I want to continue building a team with the same values and traits that have helped us get to where we are today. We’re excited to offer our clients the digital marketing they need in today’s world and get the most for their home.”

Tein Hlwa was recently featured in Virginia's Top Agent Magazine. More information on Hlwa and The Digital Realty Team can be found at
