IV Nutrition Grand Opening in Bridgeport Mixed Use Development in Suffolk

SUFFOLK, Virginia (July 13, 2023) – IV Nutrition, a leading provider of intravenous nutrient therapies, is thrilled to announce the grand opening of its newest location in the Bridgeport Mixed Use Development in Suffolk, Virginia. The grand opening ceremony will take place on Friday, July 14, at 2:30 PM at 1301 Bridgeport Way, Suite 110. Mayor Duman will be in attendance. The grand opening is open to the local community; there will be deep discounts throughout the weekend, along with food, beverages, and celebration.

IV Nutrition is an IV nutrient and hydration therapy clinic. IV Nutrition creates a space where individuals can receive the highest quality, naturally sourced vitamins and nutrients available directly to their bloodstream. IV Nutrition helps their clients recover from anything from dehydration to immune challenges, supports athletic recovery and chronic health challenges like fatigue, weight gain, and inflammation. Qualified healthcare professionals, ensuring safe and effective delivery of the nutrients, administer the treatments.

“We are here to make you feel better, every moment of every day, no matter what stage you are currently at in your health and wellness journey,” said Ben Morter, Co-owner of IV Nutrition. “We take great pride in being able to provide the highest quality nutrients and client experience to our community.”

“We are so excited to be able to offer a place for people to unwind, relax, and reset to feel their best,” stated Andrea Morter, Co-Owner. “Self-care can be tough to prioritize in today’s busy world, but knowing that you are creating true longevity for yourself and the energy and well-being to care for your family via the right support for your body is worth the time and investment.”

IV Nutrition business partner, Greg Garrett, said, "We are passionate about nutrients that will make people become healthier, feel better, live longer or look better! I'm so proud of our co-owners, Ben and Andrea Morter because they are pouring their life into this new venture with the goal of helping thousands of our neighbors."

The grand opening of IV Nutrition in Bridgeport Mixed Use Development is an exciting milestone for both the company and the Suffolk community. IV Nutrition invites all residents, healthcare professionals, and local business leaders to attend the event and learn more about the significant benefits of intravenous nutrient therapies.
